
Caractéristiques

- **Lieu** : Erzurum, Turquie
- **Orientation** : Sud-Est
- **Hauteur** : 568m
- **Matériel** : Rien
- **Posé** : "There are big areas at road side but the biggest is easily seen from the exit. It is on the other side of the road. Return Trip: Well, it is almost a must to have a driver. Otherwise you need to get back to car by hiking like 3 hours."
- **Première** : Cengiz Kocak in 2020

Acces: 0:15m

Exit Coordonnées GPS: 40.67609, 41.65541, 1416m

"Drive thorough Ulubag village and stop on the road closest to gps track starting point. Approach: It is 15 minutes light decending hike".

Terrain Profile:

274-48

290-175

388-408

510-687

Remarque

"People in town and villages are friendly but it is not good to push your luck too much. Area is a bit conservative and it makes sense to behave accordingly."
